Skills (1: Novice - 5: Experienced)

- JavaScript (5)
- HTML (5)
- CSS (5)
- React.js (5)
- Polymer.js (4)
- Node.js (3)
- Express (3)
- Git (3)
- Angular 8 (2)
- C++ (2)
- PHP (2)
- Java (2)

Projects

Contact Book Web App   **50 Hours**

- Created a web application involving multiple features including a message board and contact book where users could view, add, modify and delete contacts.
- Successfully built the app using the MEAN web development stack by using the Angular JavaScript framework on the front end, and a Node.js application server on the back end that was connected to a NoSQL database.
